

January 13, 2022

Dear BCSD Community,

I am writing to share the number of positive cases that were reported to our district over the last two days. All cases are reported on the New York State Data Dashboard.

FLHS - 13 students

BHES - 4 students

MKES - 8 students

WPES - 1 student

FLMS - 8 students

BVES - 4 students /5 staff members

PRES - 5 students/2 staff members

All of those impacted have already been notified with all necessary dates and information and should receive additional contact from NYS contact tracers.

Although not required to quarantine, students and staff who were in close proximity to an individual who tested positive may receive a “wellness” call from NYS contact tracers.

When school is in session, if a student tests positive, please reach out to your school principal or school nurse as soon as you receive the results. If this happens during the school day, please call. If it's outside of school hours, email is best. The sooner we get the information, the more quickly we can work with the DOH to determine those in close contact.

For the latest guidelines on isolation and quarantine visit the [New York State Department of Health website](#) and refer to my January 12 [letter to the community](#).

Thank you for your continued support.

Sincerely,

Dr. Joel Adelberg

Joel Adelberg, Ed. D
Superintendent of Schools
