

November 1, 2021

Dear BCSD Community,

Today we received notification of a positive case in the BCSD.

When we receive notification of a positive case we work closely, as we have in the past, with the Westchester County Department of Health (WCDOH). Thankfully, there are new guidelines regarding quarantine and we are hopeful that when we receive notification of a positive case that the number for those who have to quarantine will be minimal.

We received notification of the following positive case in our district that could require some students and/or staff to quarantine:

- Fox Lane Middle School - one staff member

All of those impacted have already been notified with all necessary dates and information and will receive additional contact from NYS contact tracers.

Although not required to quarantine, students and staff who were in close proximity to an individual who tested positive may receive a “wellness” call from NYS contact tracers.

We will continue to adhere to all appropriate safety measures (social distancing, wearing of masks, frequent hand washing, proper ventilation, enhanced cleaning protocols). We will continue to participate in a Covid-19 testing program with the WCDOH. Please, if your child experiences any Covid-like symptoms, keep your child home, contact your medical provider, and get your child tested.

Thank you for your continued support.

Sincerely,

Dr. Joel Adelberg

Joel Adelberg, Ed. D
Superintendent of Schools
