## 2019-2020 School Year Immunization Requirements for Students in Grade 6

Dear Parent/Guardian,

July 2019

New York State Law Section 2164 requires certain **immunizations (shots) to enter and attend school**. All students who are entering 6th grade and are 11 years of age or older must receive an immunization containing tetanus toxoids, diphtheria, and acellular pertussis (**Tdap**). Please check with your health care provider, prior to the beginning of school, to make sure that your child has received or has an appointment to receive the **Tdap** vaccine.

### Required Immunization for Students entering Grade 6

Immunization	Number of Doses
<b>Tdap</b>	<b>1 dose</b>

Thank you for your attention to this immunization requirement.

If you have questions or concerns about immunizations, please contact the Health Office.

Sincerely,

Barbara Ingraldi, RN, MSN  
Fox Lane Middle School Nurse
