

September 6, 2019

Dear FLMS and FLHS Parents/Guardians,

We hope everyone had a great first week of school. We wanted to take the time to thank our entire school community for your cooperation and patience with the revised dismissal procedures. For the most part, everyone abided by the new protocols, and pick-up was safer as the number of cars on campus decreased during this time period.

Based on the observations of our staff this week, we ask that you continue to be mindful of the following for the safety of the school community:

- Obey all traffic laws and signage;
- Exercise patience while waiting in traffic on campus; and
- Follow the directions of campus personnel responsible for traffic safety.

Thank you again for helping us create a safer, calmer dismissal for our students.

Sincerely,

Dr. Brett Miller, FLHS Principal

Sue Ostrofsky, FLMS Principal
