Parents and Guardians:

I hope this email finds you and your family safe and healthy and that your summer has been a good one for your family. I wanted to provide an update on Fall Sports for the upcoming 2020-21 school year.

At this time, the New York State Public High School Athletic Association (NYSPHSAA), our governing body of New York's interscholastic sports, has recommended to begin fall sports on Monday, September 21. However, as of today, state officials have not provided authorization on interscholastic athletics resuming.

With the approval still not in place, the Section One Athletic Council has recommended to delay the process to sign up for fall sports, which we had hoped could begin this August 21st. Thus, our Family ID portal, on our website will not be open on that day to start. We will await further guidance from the state.

I am hopeful that over the course of the next week clarity will be provided by state officials. As new information becomes available, I will provide the necessary communication, and post it to our district website as well. I truly look forward to the time when our Fox Lane student-athletes are back competing and representing our community.

Foxes Up!!

*Adam Lodewick*
